

GUIDE TO

BLACKJACK BONUS SPIN XTREME

Make a standard Blackjack wager.

Make the optional fixed \$5 Bonus Spin Xtreme Power Up side bet.

Players who are dealt a Blackjack will press an automated button that spins a virtual wheel allowing them to win various prizes or a top progressive jackpot award.

If the wheel stops on the Power Up slice, the player will get to spin a secondary wheel for larger prizes and a chance at the Double Diamond or Triple Diamond progressive prize.

All Bonus Spin Xtreme side bets lose if the players do not have a Blackjack in their first two cards.

Players wagering on the \$5 Bonus Spin Xtreme Power Up side bet are eligible for the "Must Hit" jackpot.
